IGNITE PROGRESS EVOLVE

Nursery
onwards*

We are a progressive institution committed to equipping children for future disruptions & challenges. Our exceptional learning environment cultivates forward-thinking individuals with global perspectives, a lifelong passion for learning, and strong moral values. Through a culture that values competence over cutthroat competition, we motivate students to strive for meaningful self and societal contributions.

Our **Vision**

Our overarching aspiration is to equip our students for an ever-evolving world by imbuing them with essential critical thinking abilities, a broad global outlook, a commitment to lifelong learning, and a deep reverence for the principles of integrity, responsibility, resilience, & empathy. Through our efforts, our students will achieve current success while being poised for the challenges of the future.

Our **Mission**

Our institution is dedicated to collaborating closely with families and communities, fostering a constructive and encouraging atmosphere that nurtures children's sense of love, worth, & contentment. We are committed to establishing & upholding a caring, child-centric establishment, empowering children to embrace their distinctiveness with confidence, thereby enabling them to achieve their utmost capabilities.

Focus on all 4 Quotients as opposed to only one

THE EVOLVE WAY is designed to achieve enhancement of four different quotients in each child:

IQ

Intelligence
Quotient

EQ

Emotional
Quotient

SQ

Social
Quotient

AQ

Adversity
Quotient

The other schools focus only on enhancing IQ while THE EVOLVE WAY **ensures that the child increases all four quotients.**

Vijay D. Shendkar

Chairman

Greetings,

The evolving world presents swift changes impacting every facet of our lives. A recent 'Institute For The Future (IFTF)' report highlights that 85% of 2030's in-demand jobs are yet to be created. This rapid transformation calls for 'in-the-moment' learning using technologies like augmented and virtual reality.

Adapting to change will define our success. To prepare our children, Evolve High, a forward-looking school, equips them with new skills, attitudes, and behaviors. Instituted by "Pune Foundation for Education and Healthcare", Evolve High champions advanced education and healthcare, with a proven history of impactful endeavors.

Our goal is to foster future-ready, compassionate individuals through THE EVOLVE WAY and a "Life Positive Curriculum." Evolve High is uniquely aligned with the New "National Education Policy 2020-21" (NEP 2020-21), ensuring a progressive education experience.

Your child's childhood is precious. Choose Evolve High for a distinctive journey of joy and fulfillment. Join hands with us in this endeavor.

Sincerely,

Vijay D. Shendkar
Chairman

Why Choose

Evolve High Global School?

Our Pillars

Linguistic Intelligence

Spatial Intelligence

Logical Intelligence

Musical Intelligence

Kinesthetic Intelligence

Interpersonal Intelligence

STEAM Emphasis

Based on the 5 specific disciplines

(Science, Technology, Engineering, Arts and Mathematics)

STEAM Education at Evolve High covers

AI &
Robotics

Logical and Mathematical
Applications

Creativity
Workshops

Science Exhibitions
& Experiments

Facilities

At Evolve High

**Temperature
Controlled
Swimming Pool**

**Parent
Application**

**Multi-Purpose
Hall**

**Fully Equipped
Computer Lab**

Drama Studio

**Robotics
Lab**

Cafeteria

Wall Climbing

**Transport
Facilities**

**CCTV-Covered
Campus**

**Minimal Burden of School
Bag & Homework**

**Classrooms
with Smart
Boards**

**Spacious and
Well-Equipped
Library**

**Top-of-Class
Composite
Laboratory**

**Music and
Dance Studio**

**Medical
Examination
cum Infirmary**

**Facilities for
Indoor &
Outdoor Sports**

**Arts &
Crafts Studio**

Gymnastics

**Indoor
Play Area
(Pre-School)**

**Concept Room
(Pre-School)**
